VOTER INTEGRITY PROJECT - voterintegrityproject.vote@gmail.com

8 November 2020

A lookup of a person named Terry Mathis in zip 48207 and born in January 1900 shows that he applied for a ballot, it was sent out and was received all on the same day of November 2, 2020.

We found the answer: Terry Mathis is a felon and apparently voted.

Let us explain. Let's look at the voter records of this person:

This search brings up an address of 2512 Concord St, Detroit, Michigan 48207.

It brings you to Terry Mathis:

It also brings you to a 56 year old born in 1964 named Terry Lee Mathis:

The man born in 1964 did not vote as per the Michigan voter records, but he does have a criminal history, and quite an extensive one at that:

https://www.publicpolice record.com/michigan/doc-prisoner/MATHIS_TERRY/343045

He was convicted on 12/11/2018 for 18 months for drug possession.

He likely violated probation by voting as his discharge date was 06/11/2020.

We are not certain of the probation voting laws, but he's a convicted felon.

To be honest, whether he is a felon is moot because one of three things happened:

- 1) He voted under a dead person's name,
- 2) He voted under a fake name, or
- 3) He voted under the wrong name due to a clerical error.

Fleccas did not include that part in his initial video, which he based off our tips -

<https://twitter.com/fleccas/status/1324375683657859072> - just the obviously dead person born in 1900 part, but it's pretty clear that Mr. Mathis born in 1964 voted at minimum under the wrong name, and his extensive criminal past suggest that it may not be a mistake.
